808

Dimensions (Φ× Height):	71mm(Φ)×77mm (Base mounting) 71mm(Φ)×117mm (Tube mounting)
Voltage	12VDC, 24VDC, 230VAC
Connection	Quick connect terminals
Light effect	Permanent, Flashing
Life duration	50,000 hours

Newest 70mm Beacon
—— 808 series

WERMA®

WERMA®

In 2018, WERMA Shanghai initiated a modification on our existing 808 series beacon. This modification provided not only to a new facelift of the design cosmetically but also improved on its robustness.
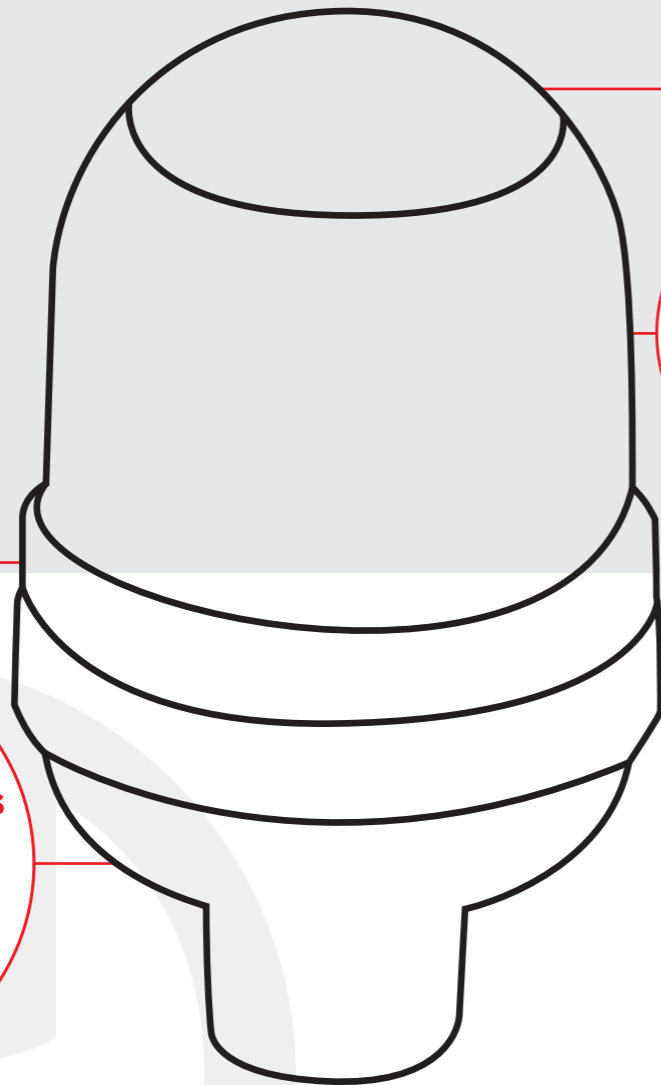

WERMA new generation 808 series beacon bring to you the new experience with improvement on the performance that display a more distinctive light effect that meet most of the versatile application needs.

Versatile design
Enhance customers product image with professional outlook

Full LED Flashing
Increase safety awareness and durable

IP65
Ideal product for industrial applications

Dual mounting options (Base & Tube)
Provide flexible mounting needs

Technical Specifications/ Order Specifications:

Dimensions (Φ× Height):	71mm(Φ)×77mm (Base mounting)
	71mm(Φ)×117mm (Tube mounting)
Housing:	pc/abs-blend
Life duration:	50,000 hours
Protection rating:	IP65

LED Permanent light element (Base mounting)

Voltage:	24VDC
Current Consumption:	≤45mA
Red	808 159 55
Green	808 259 55
Yellow	808 359 55
White	808 459 55
Blue	808 559 55

LED Permanent light element (Base mounting)

Voltage:	230VAC
Current Consumption:	≤20mA
Red	808 159 68
Green	808 259 68
Yellow	808 359 68
White	808 459 68
Blue	808 559 68

LED Permanent light element (Tube mounting)

Voltage:	24VDC
Current Consumption:	≤45mA
Red	808 169 55
Green	808 269 55
Yellow	808 369 55
White	808 469 55
Blue	808 569 55

LED Permanent light element (Tube mounting)

Voltage:	230VAC
Current Consumption:	≤20mA
Red	808 169 68
Green	808 269 68
Yellow	808 369 68
White	808 469 68
Blue	808 569 68

LED Flashing light element (Base mounting)

Voltage:	12VDC
Current Consumption:	≤95mA
Red	808 179 54
Yellow	808 379 54

LED Flashing light element (Base mounting)

Voltage:	24VDC
Current Consumption:	≤70mA
Red	808 179 55
Yellow	808 379 55

LED Flashing light element (Tube mounting)

Voltage:	12VDC
Current Consumption:	≤95mA
Red	808 189 54
Yellow	808 389 54

LED Flashing light element (Tube mounting)

Voltage:	24VDC
Current Consumption:	≤70mA
Red	808 189 55
Yellow	808 389 55

Accessories:

Side bracket for base mounting with concealed cable entry	960 009 07
Side bracket for base mounting, incl. cable gland	960 009 02
Side bracket for tube mounting, incl. cable gland	960 009 01
Base with integrated tube (Φ25mm, 110mm long)	975 849 11
Tube Φ25mm, all anodized aluminum	
100mm	975 849 10
250mm	975 849 25
400mm	975 849 40
800mm	975 849 80
Base for tube Φ25mm, Plastic	975 849 90
Base for tube Φ25mm, metal	975 849 91
Foldaway base suit to Φ25mm, tube	960 009 12
